

Never miss an appointment, sync your Google or Outlook calendar with Salesforce today!

By syncing your Google or Outlook calendar with your Salesforce instance, you can track all your events and activities in one calendar. Many times trying to book a meetings requires multiple emails to figure a time and day that works. With calendar sync, you can quickly see your availability and so can all parties involved! It only takes a few clicks to set appointment and instantly have records of the event recorded in Salesforce. You also have the capability to prioritize which events are recorded in Salesforce & which ones shouldn't, for the user who may use email to track professional & personal appointments. Also keep track of attendees who you are meeting with, you've met with & invitees who you've sent appointments to, by immediately updating their contact or lead records in Salesforce.

Sync your Google, Outlook.com, & SF events!
