

## How SFDC Trailheads can enhance Salesforce knowledge

Have you heard of using the SFDC Trailheads to better your overall understanding of Salesforce? There are over 25 trails and 90+ modules ranging from Beginner all the way up to Expert level that will help you sharpen your Salesforce skills and enhance your knowledge. Trailheads provide developers and administrators a guided path through the key components of Salesforce using interactive online tutorials. They are self-paced and allow you to learn what you need, when you need. The website is continually being updated with new content and modules to help you further your comprehension of Salesforce. Did we mention **it's fun**? Click the link below for more information on how to get started with Salesforce Trailheads.

*the fun way to learn Salesforce*

Everyone can learn Salesforce. Whether you are an admin, user, or developer, there is a trail for you.
